

ID3

INTERNATIONAL DEFENSE AGENCY

COMPANY PROFILE

DEFENSIVE SYSTEMS ONLY // NO LETHAL · NO OFFENSIVE

id3.agency · info@island.contact

Protection, engineered. Nothing else.

ID3 designs and delivers hardened structures, non-lethal protection, satellite systems, communications buildings and protected vehicles for private, civil and humanitarian organizations. Defensive only, by charter.

LINES OF EFFORT

Hardened Structures

Protective design · safe rooms & shelters · hardened data & control rooms · perimeter & standoff

Non-lethal Protection

Intrusion detection · vehicle barriers & bollards · access control & screening · deterrent lighting & acoustics

Satellite Systems

Observation & monitoring · resilient connectivity · ground stations & terminals · data services

Communications Buildings

Shielded equipment rooms · antenna & dish sites · backup power & cooling · network resilience

Protected Vehicles

Unarmed armored civilian vehicles · medical evacuation · convoy & route support · fleet sustainment

DIFFERENTIATORS

- One accountable team across structures, systems, satellite, communications and vehicles
- A defensive-only charter clients can publish to boards, donors and host communities
- Export and dual-use review embedded in every program
- Senior, small, fast: direct access to program leadership
